MyKidsDrawing is a Passionate Company on a Journey
to
Nurture Creative Leaders for Tomorrow's World.

Our Vision Nurture Creative Leaders for Tomorrow's World and we want every kid growing up from nursery to high school to grow creatively on our platform. We want to help grow the artist community in India right from young age. And We want to provide the whole eco-system to nurture and grow their creative artistic skills.

Indian Artist

Indian artists too have created some magnificent works of art that have taken the world by storm.

ARTWORK 7

Sayed Haider Raza (22 February 1922 – 23 July 2016) was an Indian painter who lived and worked in France since 1950, while maintaining strong ties with India. He was born in Kakkaiya (District Mandla), Central Provinces, British India, which is now present-day Madhya Pradesh.

Raza began to paint purely geometric forms, particularly the circle and the dot, which he likened to the idea of the bindu. Though his style changed drastically over the course of his career, Raza's works were all united in their emphasis on color, and their references to memory and mood. Raza was also responsible for founding the Bombay Progressive Artists' Group (PAG) with Krishna Hawlaji Ara and Francis Newton Souza, with the purpose of turning away from the European realist styles taught in Indian art schools, and establishing a modernist vocabulary relevant to India.

THEME WINNERS

We conduct a monthly theme competition every month. In this we make four age groups and choose a relevant theme. Then students get few days to submit their drawings. Once we receive the drawings, we conduct voting process to choose the winner of the monthly theme competition.
